PRODUCT DESCRIPTION

Designer: Studio Shuu

KDLN Kooi LED Pendant

Designed by Studio Shuu, the KDLN Kooi LED Pendant takes inspiration from Shan Shui, a traditional Chinese style of landscape painting. Rather than portraying nature exactly as it appears, Shan Shui artists use brush and ink to convey their personal reflections on the natural world. Kooi reflects this philosophy through its distinctive, sculptural silhouette.

Crafted with a clear glass diffuser and a cool metal structure, Kooi creates a dynamic interplay of light and shadow when illuminated, producing shifting visual effects from every angle. Whether displayed on its own or arranged in a cluster, the KDLN Kooi Pendant makes a striking statement while beautifully illuminating lounges, kitchens, entryways, and staircases.
