PRODUCT DESCRIPTION

Designer: Jacques Biny

DCW editions Biny LED Floor Lamp

The DCW editions Biny LED Floor Lamp was designed by Jacques Biny and boasts a timeless elegance. Jacques Biny is a French luminist of the Trente Glorieuses period, he was also an editor and collaborated with some of the best young designers of his time, such as Michel Buffet, Gustave Gauthier, Jean Boris Lacroix and Charles Ramos. This design harnesses a distinct silhouette and is a perfect example of minimalistic design - allowing it to adjust to a wide range of contemporary interiors.

The DCW editions Biny Floor Lamp has a distinct silhouette, resembling a man raising his hat in greeting; with its classic style, the Biny floor lamp combines cold, geometric simplicity with the playful irony of its shape. This floor lamp features adjustable feet, ensuring Biny can adjust to sloped or uneven floors, these feet also guarantee exceptional stability. The glass diffuser emits a soft and calming illumination, which is reflected against the shade and cast downwards - resulting in a glare free downlight. This makes the Biny LED Floor Lamp perfect as a reading light in your living area or as an ambient lighting solution in your home or commercial space.
