## PRODUCT DESCRIPTION

**Designer:** ByMars

### AGO Mozzi LED Pendant

Designed by Bymars for AGO Lighting, the Mozzi LED Pendant boasts a minimalist shape, remaining true to AGO's signature style. Each of their projects is an exploration of the perfect balance between function and beauty, and this lighting solution is no different. The soft curves of the diffuser and the pop of colour in the frame are the main source of beauty for this light.

The opal glass diffuser of Mozzi resembles a luminous halo, whilst the slight dimple in the shade compares to a slightly poked mochi ball, a popular Japanese snack. Mozzi includes an integrated LED module which provides warm ambient illumination to a range of interiors. The light is projected downwards, without glare, producing an even glow that is suited for above dining areas, kitchens, staircases or workspaces. Mozzi can easily adapt to both residential and commercial spaces. The LED Pendant works equally great individually, in pairs or in clusters of several lamps at varying heights.

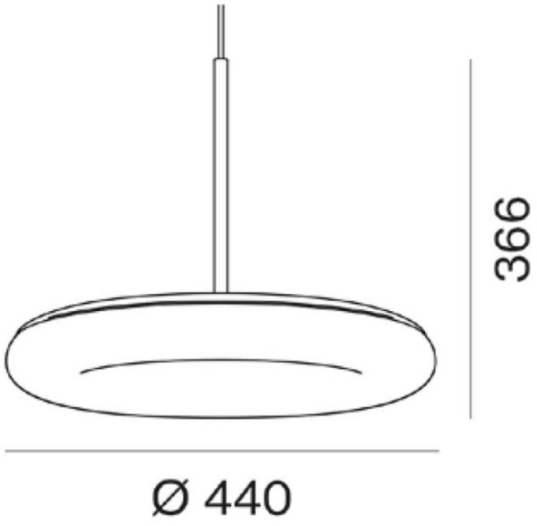

## PRODUCT SPECIFICATION

**Light Source:** 13W, 3000K, 1160 Lumens

**IP Code:** 20

**Dimming:** Non-Dimmable.

**Dimensions:** Shade: Ø44cm
Body Height: 36.6cm
Cable Length: 300cm
