Bert Frank Masina Table Lamp

The Masina Table Lamp by Bert Frank is a warm and sophisticated lamp, producing a warm light emission that can be suited to various interiors. Masina is a glamorous addition to your space, consisting of an oversized opal glass diffuser with brass detailing and a brass body; the structure is further complimented by the matte white lacquered base. A machined brass base would have been sufficient, but Bert Frank wished to enhance the halo of light with a white finish. A very subtle but important detail.

Inspired by mid-century design, the Bert Frank Masina boasts an impressive silhouette with a charming personality. The lighting output is emitted evenly across nearby surfaces, producing a calming glow. Masina is available in three sizes and is a beautiful addition to a wide collection of settings but makes an impressive impact in bedrooms, lounge areas, hallways and even offices.
