PRODUCT DESCRIPTION

Designer: Estudi Manel Molina

Bover Bol M/37 Table Lamp

The Bover Bol M/37 LED Table Lamp is part of the **Bol family**, boasting the same iconic bowl-shaped metal shade as the rest of the range. Estudio Manel Molina designed this table lamp after finding inspiration in the classic Maria Theresa chandeliers and after originally designing the **Bover Bol Suspension** they branched out to other applications.

The M/30 Table Lamp creates a halo of light which is projected onto the surface below, whilst still allowing some light to escape out of the gap on the roof of the shade, it also features an integrated touch dimmer on the base of the lamp, allowing you to easily personalise the lighting output to create your chosen ambience. Due to the minimalistic frame and the matte black finish of the Bol Table Lamp, this lighting solution can suit a range of interiors and is a perfect companion for your side table, workspace, hallway and bedside table. Bol can also become a conversation starter in commercial settings such as restaurants, bars, shop counters and contemporary libraries.

Also available as a recessed table lamp. Contact Us for more information.
