PRODUCT DESCRIPTION

Designer: Estudi Manel Molina

Bover Bol P/130 LED Floor Lamp

Originally inspired by the classic Maria Theresa chandeliers, the concept of the Bol is to provide an elegant lighting solution for your environment. The lightweight structure harnesses a minimalist theme, whilst supplying an understated ambient illumination. Bol's contemporary style makes this floor lamp an eye-catching object in your home or commercial space. It consists of a circular base with a long stem, complimented by the metal bowl-shaped shade. This shade features polycarbonate diffusers which result in a soft ambient glow that is projected downwards as well as upwards, escaping through the small diffuser on the head of the shade.

These features provide Bol P/130 with a discreet presence, taking up little room, ideal for even smaller spaces. The in-line on/off switch on the cable makes it easy to turn this lamp on and off as needed and thanks to the simple matte black finish, the Bover Bol LED Floor Lamp can adapt to a wide scope of interior styles. The Bol floor lamp can be placed in a reading nook, as an accent light in your lounge, as an ambient illumination in your dining room or even as a way to brighten up your hallway.
