PRODUCT DESCRIPTION

Designer: Joana Bover

Bover Roda LED Pendant

The Bover Roda LED Pendant was designed by founder Joana Bover and is characterized by its large, cylindrical, ring-shaped shade. The shade is blanketed by a ribbon diffuser, in either white or cream, which provides a warm light emission and creates an inviting atmosphere. The ribbon texture and high quantity of illumination make the Roda Pendant appear lightweight and as if it is floating effortlessly in the air. Roda can be suspended individually or, for larger commercial spaces, can be grouped together to create dramatic installations.

Available in three sizes, Bover Roda Pendant can adapt to a wide range of contemporary interiors; but is guaranteed to be an eye-catcher in large commercial environments such as restaurants, bars, hotel lobbies, shopping centres and large offices.
