PRODUCT DESCRIPTION

Designer: Joana Bover

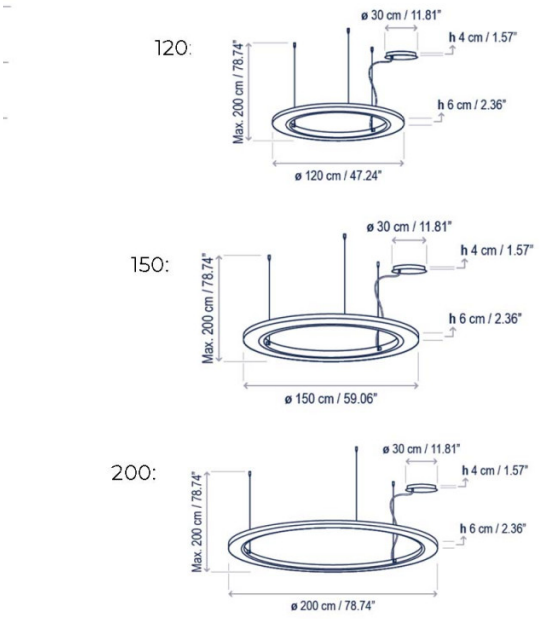

Bover Roda LED Suspension

The Bover Roda LED Suspension is available in three sizes and adds an elegant contemporary touch to almost any space. Designed by Joana Bover, Roda boasts a large ring diffuser which houses a continuous circle of LEDs enclosed within a ribbon shade. The ribbon is available in either white or cream, both providing a varying colour temperature; no matter which ribbon colour you choose, Roda will cast a powerful emission of light across your environment.

Bover Roda can adapt to larger residential homes but is more suited to contemporary commercial spaces such as hotels, restaurants, bars, libraries and galleries. Roda can be displayed individually above dining or study areas or can be displayed in clusters of varying sizes to create a more dramatic installation of lights.
