PRODUCT DESCRIPTION

Designer: Gino Sarfatti

Flos 2097/75 Chandelier

This product is an Offline Only exclusive, available only to buy from selected authorised Flos dealers. Please contact us for pricing or to arrange an appointment to discuss this product in our showroom.

The Flos 2097/75 Chandelier is the latest addition to the **Flos 2097 family** and combines Gino Sarfatti's vision with the addition of industrial elements. This modern chandelier holds a mid-century appeal and boasts 75 lamps, ensuring it makes a statement no matter what room you decide to display it in.

Flos 2097/75 is the largest in the collection and is available in four finishes, allowing it to adapt to a range of interior styles. You can also choose between clear or frosted lamps in order to personalise your atmosphere. Both lamp options provide warm diffused illumination, creating a calm and inviting ambience. Due to its size, the 2097/75 requires a large environment. The chandelier can make a statement in more extensive residential spaces but fits more comfortably in commercial environments such as hotel lobbies, restaurants, bars and libraries.

Please Note: Each of the 75 arms of the 2097/75 holds its own lamp; you can choose between frosted or clear lamps. 80 lamps are provided and included in the price to give you 5 spares.
