PRODUCT DESCRIPTION

Designer: Ciszak Dalmas

Marset Ambrosia V LED Pendant

Marset Ambrosia V LED Pendant turns the slim line of light from the Ambrosia collection into a vertical form. Designed by Ciszak Dalmas, it keeps the aluminium structure and methacrylate diffuser used across the family, but changes the way the light sits in the room. Instead of stretching horizontally over a table or wall, Ambrosia V draws the eye upward and gives the space a more sculptural line.

The vertical format gives this version a different character from the wall and suspension lights. It can stand alone in a hallway, living space, stairwell, or entrance area, or be repeated where a taller composition is needed. The 130cm and 175cm versions use three light tubes arranged at different heights, while the 235cm version uses two longer sections for a more open vertical shape.

Ambrosia V works well in spaces with more height, where a standard pendant might feel too small or too flat. It can sit in a stairwell, entrance area, restaurant, or larger living space without making the scheme feel heavy. Black gives the pendant a clearer outline, while Matt Gold has a softer, warmer look.

PRODUCT SPECIFICATION

- Light Source:**
 - V 130: 28.8W, 2700K, 3267 Lumens
 - V 175: 43.2W, 2700K, 4788 Lumens
 - V 235: 43.2W, 2700K, 4788 Lumens
- IP Code:** 20
- Dimming:**
 - Ambrosia V:** Dimmable via Triac dimming.
 - Ambrosia V Plug-In:** In line dimmer included on the cable.
- Dimensions:**
 - V 130:**
 - Diffuser Height: 60cm
 - Full Height: 130cm
 - V 175:**
 - Diffuser Height: 90cm
 - Full Height: 175cm
 - V 235:**
 - Smallest Diffuser Height: 60cm
 - Largest Diffuser Height: 120cm
 - Full Height: 235cm
- Cable Length:** 200cm
