PRODUCT DESCRIPTION

Designer: Astro Design Team

Astro Pinhole Slimline Round Adjustable Fire-Rated Recessed Light

Astro Pinhole Slimline Round Adjustable Fire-Rated Recessed Light is a Matt White recessed ceiling light with a round cut-out, adjustable direction, and fire-rated construction.

The design uses special glass to keep the downlight shallow, with a deeply recessed lamp position that helps minimise glare for visual comfort. Its adjustable head provides 25° tilt and 360° rotation, giving more control over the direction of light after installation.

Made from mild steel, the Pinhole is a minimalist contemporary design for interior ceilings and is suitable for use with a dimmable lamp where dimming is required. Most suited to living rooms, hallways, bedrooms, kitchens, and interior ceilings where adjustable recessed lighting is required.

Please Note, The Astro Pinhole is fire-rated and is not suitable for covering with thermal insulation.
