Astro Pinhole Round Adjustable Fire-Rated Recessed Light

SOURCE: <https://www.davidvillagelighting.co.uk/product/Astro-Pinhole-Round-Adjustable-Fire-Rated-Recessed-Light/10001119>

PRODUCT DESCRIPTION

Astro Pinhole Adjustable Round Recessed Light

The Astro Pinhole Slimline Adjustable Recessed Light looks great in modern interior spaces and was designed for recessed ceiling mounting. The use of special glass means this downlight is incredibly shallow, a deeply recessed lamp that minimises glare for visual comfort. The Pinhole Recessed Light is suitable for use with LED bulbs and when paired with a dimmable bulb can be dimmed. The Pinhole can be adjusted, providing a 25° tilt and 360° rotation and allowing you to direct the light source in whichever direction you require.

The Astro Pinhole Round Adjustable Light in Matt White is a minimalist contemporary design made from mild steel. The Pinhole is also fire-rated, ensuring that it meets the highest safety standards.

The Astro Pinhole requires a cut-out diameter of 7cm and a recess depth of 15cm.

Please Note: The Astro Pinhole is fire-rated.
