PRODUCT DESCRIPTION

Occhio Mito LED Sospeso Move

It's almost as if Mito Sospeso Move can read your mind; providing gesture control and height adjustment, this lighting solution meets your every need. All it takes is a gesture or a tap on the Occhio Air app or controller to move the luminaire to the desired level and set it to your desired temperature or light intensity. Mito Sospeso Move is an incredibly innovative lamp that offers a futuristic design to contemporary interiors.

When it comes to the height of the Sospeso Move the suspension length can be adjusted between 50cm and 200cm, and the cables seamlessly disappear into the canopy as if by magic. The circular head of this suspension light features double-sided light emission and boasts a diameter of 60cm. There is a choice of two lighting effects; you can decide between the wide illumination for use over tables or focal points, or the narrow illumination for freely suspended luminaire lighting. Both options provide a concentrated downlight and a softer ambient lighting that shines upwards.

PRODUCT SPECIFICATION

Light Source: 60W, 2700–4000K, 3330 Lumens
