PRODUCT DESCRIPTION

Light Attack Step LED Recessed Wall Light

The Light Attack Step LED Recessed light is a single-emission lighting solution that produces a warm white illumination. Featuring an aluminium structure, this sleek wall light boasts a clear glass diffuser providing high visibility and brightness. The use of removable support makes installation easier and simpler.

The asymmetrical optic projects a light beam with perfectly defined contours; the high visibility Step Light marks out paths and walkways. Thanks to the IP65 rating, the Light Attack Step LED Recessed Wall Light is ideal for outdoor environments.

Please Note: The Light Attack Step requires a 350ma driver. The power supply driver is not provided and is to be ordered separately. Please [contact us](#) for more information.
