PRODUCT DESCRIPTION

Designer: Jaume Ramírez

Marset Fragile LED Table Lamp

The Marset Fragile is a minimalistic table lamp, designed by Jaume Ramírez. His interest in archetypal design is clear in the Fragile, boasting geometric shapes and a frame crafted completely from blown glass. A cone and a sphere are arranged to hold a cylinder LED lamp which emits ambient lighting from below and distributes it in all directions. The result is a warm and diffused illumination.

Fragile is reminiscent of traditional oil lamps and expresses the fragility of the present moment. The glass not only reveals the light source; it also speaks of purity, lightness and how this design blends in with its surroundings. Available in two finishes, the Marset Fragile can easily adapt to its surroundings, suiting a range of interior styles and making it perfect for a multitude of settings. Display Fragile on your side table, in your bedroom, in a hallway or even in a dining space. This table lamp is also a gorgeous addition to commercial spaces such as hotels, restaurants and bars.

PRODUCT SPECIFICATION

Light Source: 2.1W, 2200K, 226 Lumens
