PRODUCT DESCRIPTION

Designer: John Tree

HAY Apex Desk Lamp

Designed by John Tree and released in 2023, the HAY Apex Desk Lamp is a playful lighting solution that adds a burst of colour to your workspace. The round base is crafted from copper, with an angled arm that is designed to lean across your desk for optimal illumination. Similarly, you can choose a clip base that can be fixed to almost any horizontal surface and can be easily moved when needed.

Whichever base you choose, Apex holds a folded shade that is available in a range of fun finishes, the folded steel shade creates a silhouette that resembles a peaked roofline, which was where the inspiration behind the Apex collection came from. Not only does this shade add a unique aspect to the Apex Desk Lamp but it can also be rotated 360°, allowing you to direct the task light to wherever you need it most.

The HAY Apex Desk Lamp is available with either a round base or a clip.

PRODUCT SPECIFICATION

Light Source: 1 x Max 8W E14 LED (excluded)

IP Code: 20
