&Tradition Pivot Portable Lamp

The Pivot Portable Lamp is a sculptural piece that blurs the line between object and portable lamp. Designed by &Tradition's in-house team of designers, the lamp showcases a unique duality, appearing different depending on the time of day. In daylight, the Pivot's block colours and cubic shape emit a sculptural presence, while at night the Pivot assumes its role as a luminaire, casting soft, ambient lighting. The off-centre shade diffuses light into a glare-free glow that illuminates the column, altering the base's tone.

Reminiscent of the minimalist art movement, the Pivot Portable Lamp is crafted from powder-coated iron and mirror-polished steel. The lamp is available in Blue Silver and Rusty Mint – two vibrant finishes that add an expressive character to any interior. An integrated 3-step dimmer on the base allows users to personalise light output to suit any mood. Charge via the included magnetic USB-A charging cable for up to 20 hours of operating time, depending on the brightness selected. Display at a bedside, lounge area, or reading nook to add an inviting glow akin to candlelight.
