&Tradition Mist Pendant AP15

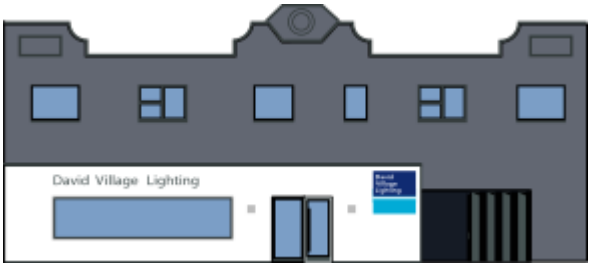

Designed by All the Way to Paris, the Mist AP15 Pendant was inspired by the first rays of sunlight shining through the mist. Offering a modern take on the classic globe pendant, the AP15 is characterised by its large oval silhouette. The opal white glass shade is expertly mouth-blown to form the lightweight structure that, when suspended, appears to float in midair.

When illuminated, the Mist AP15 Pendant creates soft, diffused lighting that adds depth to the room without being too harsh. This gentle lighting complements the pendant's elegant aesthetic, adding to the Mist's poetic presence. Display above a table in a kitchen, living room, or dining room to add a touch of understated luxury to the room. Install with the **AP16** and **AP20** Pendants from the **Mist Collection** for a striking display with a sense of visual harmony.
