Le Klint Bouquet table Lamp

The Bouquet table lamp was designed by Danish designer Sinja Svarrer Damkjaer. She was inspired by nature for this collection, observing the way tulips would bend and sway in the wind. The delicate-looking pleated shade references the flower's head while the curved frame mimics its arched stem. Each lamp is available with a choice of a plastic foil or paper shade. The plastic foil is fire-retardant and UV-resistant. The paper shade will patinate over time, its white colour developing a golden hue.

The Bouquet table lamp sits on a light oak base, which adds to the natural appearance of the lamp. The folded shade diffuses light into a warm, glare-free glow that adds a welcoming ambience to the space. Display with the **Bouquet floor lamp** to create a cohesive theme with a delicate aesthetic. The Bouquet table lamp is well suited to an office desk or side table in a living room.
