PRODUCT DESCRIPTION

Designer: Boris Klimek

Brokis Geometric LED Pendant

Defined by bold silhouettes and rich glass textures, the Brokis Geometric pendant brings a sculptural clarity to architectural spaces. Created by Boris Klimek and Lenka Damová, the light combines a black powder-coated aluminium frame with a BROKISGLASS shade, crafted from recycled shards to form a distinctive visual surface. A balance of geometry and materiality, it's a striking yet refined piece that works beautifully on its own or in rhythmic multiples.

Delivering a powerful integrated LED output softened by the textured glass diffuser, available in various shapes and glass configurations and a range of finish combinations including opaline, smoke grey, amber, and clear. The Geometric can be configured in clusters or linear arrangements offering the option to create theatrical focal pieces. With sustainable materials and refined engineering, this pendant is ideal for residential and commercial interiors alike.

Please note, a Tunable White version is available for this product as well a dimmable options including Dali, 1-10V and Casambi options. [Contact us](#) for pricing and information.
