PRODUCT DESCRIPTION

Designer: Aleksej Iskos

Muuto Calm Wall Light

The Muuto Calm Wall light, designed by Aleksej Iskos, a Ukrainian designer and has been based in Copenhagen since 1991. He established his own studio in 2018. His practice revolves around creating objects where function instinctively meets poetry. Calm utilises a matt rubber frame housing a stretched fabric diffuser. The Calm Light has a sculptural identity that brings a soft and calming yet powerful presence to any atmosphere, the light source can be easily dimmed in order to personalise your environment and it is a perfect lighting solution for bedrooms, living rooms and other areas of relaxation. The fabric diffuser is also machine washable when needed.

This version of the Muuto Calm is hard-wired but a cable and plug is available at an additional cost. Please contact us for more information.

Please Note: this light fitting involves some self-assembly.
