PRODUCT DESCRIPTION

Designer: Christian Troels

Le Klint Pliverre Pendant

**Ex-Display, signs of wear and tear. Boxed in non-original packaging.
1 x Available.**

A part of the Le Klint Pliverre collection, the Pliverre pendant light is a reinterpretation of a typical Le Klint shade with new material, opal glass. The opal glass adds a touch of luxury to the pendant and results in an elegant and timeless light. While the quality and characteristics of the glass shade are the same as the folded shades in plastic and paper, it also creates a perfectly diffused and glare-free warm light.

Available as a singular purchase or as a set of two, the Pliverre pendant has small black details and a black cord, making the Pliverre a minimalist design that definitely catches the eye in every room. The light also comes with an adjustable cord, meaning you can choose what height you would like the pendant to hang at. This pendant light is especially beautiful when installed in clusters or creating a linear setup above the dining table.
