Anglepoise + Paul Smith Type 75 Desk Lamp Edition Three

The Anglepoise + Paul Smith Type 75 Desk Lamp Edition Three brings together two icons of British design: the precise engineering of Anglepoise and the unmistakable colour sensibility of Paul Smith. Originally created for Anglepoise by renowned industrial designer Sir Kenneth Grange, the Type 75 is celebrated for its clean silhouette, adjustable form and effortless functionality. In this 2021 edition, Paul Smith reimagines the classic desk lamp with a vivid, confident palette that gives the familiar design a fresh and playful character.

Inspired by the bold visual language of Mondrian's De Stijl movement, Edition Three combines blocks of primary colour with the instantly recognisable Anglepoise structure. The result is a lamp that feels both artistic and highly practical, offering directional light for working, reading or creating while adding a striking design detail to a desk, studio or office. As part of the wider Paul Smith collection, this edition has its own distinctive story, balancing heritage, craftsmanship and contemporary colour in one expressive piece.
