PRODUCT DESCRIPTION

Designer: Gianfranco Frattini

Gubi Model 597 Floor Lamp

The Model 597 Floor Lamp by Gianfranco Frattini is a design icon, reintroduced by Gubi to delight a new generation. Originally debuting in 1961, this floor lamp showcases Frattini's fascination with form and light, combining whimsical details with serious functionality. The lamp features a diabolo-shaped aluminium base, which is expertly crafted using spun and moulded aluminium plates. From this base, six lateral bulbs encircle a central core, while an additional bulb on top casts a soft uplight. The light is diffused through cascading nylon fringes, inspired by both 1950s Italian fashion and functional bar curtains, creating a unique 360-degree ambient glow.

This floor lamp adds sophistication and character to any space, whether used as a statement piece in living rooms or to evoke a sense of intimacy in lounge areas. Its compact cylindrical design ensures it fits seamlessly into both residential and commercial interiors. Paired with a polished aluminium finish, the Model 597 Floor Lamp provides timeless charm and versatile functionality.

PRODUCT SPECIFICATION

Light Source:	7 x Max 6W E27 LED (Excluded)
IP Code:	20
Dimming:	In-line on/off switch on cable.
Dimensions:	Shade: Ø42.5cm Height: 45cm Depth: 42.5cm Cable length: 250cm
