PRODUCT DESCRIPTION

Designer: Resident Studio

Ghost Pendant

The Ghost Pendant was designed by Residents Studio in Auckland, New Zealand in 2022. The minimalist ceiling pendant is made from two pristine borosilicate glass pipes. The glass has a warm LED light source which shines invisibly through the glass to spectacularly illuminate the lower edges creating a glowing ring. The result is a delicate visual presence with a strong light source for the space below.

Ghost pendants can be hung alone or in multiples to create a beautiful visual space in both residential and commercial settings. This beautiful pendant also comes in a cluster version and a floor lamp. For further information please [contact us](#).
