PRODUCT DESCRIPTION

Designer: Yuchen Wu

Normann Copenhagen Bubba Ceiling/ Wall Light

The Normann Copenhagen Bubba Ceiling/ Wall Light was designed by Yuchen Wu who was inspired by soap bubbles and how they drift into each other, forming detailed bubble clusters. Bubba is a delicate and characterful light which utilises a minimalistic form and boasts an aesthetic that adapts to any space. Bubba is crafted from etched opal glass and is also available in two different-sized pendants and a ceiling light.

Every bubble in each Bubba lighting solution is individual in size and shape, making a design that appears different from each viewpoint. This wall light is an elegant way to brighten up hallways, bedrooms, kitchens, living areas and interiors in commercial spaces. Display it alone or alongside other designs in the **Bubba Collection**.
