Resident Hex 1000 LED Pendant

LA4455/1000

PRODUCT DESCRIPTION

Designer: Resident Studio

Resident Hex 1000 Pendant

The Hex 1000 Pendant from Resident's signature Geometric Family exemplifies precision engineering and modern design. With a handmade hexagonal frame, this pendant light is available in aluminium, brass, or matt black finishes. The integrated LED light source emits a warm, even glow, diffused through recessed frosted acrylic, creating an inviting atmosphere for both residential and commercial spaces.
Suspended by slim-line wires, the Hex 1000 Pendant works beautifully as a standalone fixture or as part of a cluster. Its large size and striking form make it particularly suitable for dining areas, kitchen islands, or expansive office spaces, delivering a harmonious blend of function and style.

Please note, this product is also available in aluminium and white finishes, please contact us for further information and pricing.
