New Works Margin Floor Lamp

Designed by John Astbury, the New Works Margin Floor Lamp expertly provides ambient lighting for commercial and residential spaces. Featuring a sleek metal structure and a tiered fabric shade, Margin emits a gently diffused warm illumination. The softness of the fabric shade is tempered by the clean and graphic silhouette, providing a unique character to your space. Astbury took inspiration from classic luminaire shades, whilst adding a touch of contemporary Scandinavian design, which is fluent throughout New Works' products.

Utilise the New Works Margin Floor Lamp to generate an inviting ambience, a lighting solution perfect for placing in living areas, bedrooms and entryways. The Margin Floor Lamp's subtle yet refined design can effortlessly coordinate with a range of interior styles.
