PRODUCT DESCRIPTION

Designer: Arturo Alvarez

a-emotional light Ura 204 Pendant

The Ura 204 Pendant is designed by Arturo Alvarez for a-emotional lighting. Alvarez drew inspiration from nature while exploring geometric shapes for this design. The stainless-steel mesh which makes up the shade is hand-folded to create vertical lines throughout the pendant. This gives The Ura 204 a sleek, elegant look and allows light to be diffused, projecting patterns against the floor and surrounding walls.

Each pendant is hand-made in Spain using the patented painted stainless-steel mesh. This mesh makes the pendant both durable and easy to clean with a damp cloth. The Ura 204 is part of the **The Ura Collection** and can be displayed individually or as part of a cluster with the other pendants from this collection. This allows the collection to be adaptable for the space that it's in, whether that's a single pendant above a dining room table or a cluster in a large commercial space such as a restaurant.
