PRODUCT DESCRIPTION

Designer: Arturo Alvarez

Gubi Model 597 Table Lamp

Gubi Model 597 LED Table Lamp was created by an Italian designer, Gianfranco Frattini. This classic table lamp was first released in 1961 when Frattini first started lighting design. The structure of this lamp creates a 360-degree indirect light which is softened by its fringes. Frattini has a fun and functional approach to the aesthetics of his designs.

The body of the Gubi Model 597 LED Table Lamp is made from an aluminium plate, which is shaped over a mould. The Table Lamp is made from a single piece. The timeless Gubi Model 597 collection is available in a floor lamp and a table lamp which look great together as a pair.

PRODUCT SPECIFICATION

Light Source: 5x Max 6W, LED E12 (Excluded)

IP Code: 20

Dimming: In line on/off switch on cable

Dimensions: Diameter: Ø 26cm
Height: 29cm
Cable length: 250cm
