PRODUCT DESCRIPTION

Designer: Franco Albini

Nemo Lighting Albin AS43C Suspension

Nemo Lighting Albin AS43C Suspension embodies the rational principles of the Milanese architect. The classic 1969 shade of this suspension incorporates sleek minimal shapes with amazing quality material. The fixture of the light is made from steel which branches out towards the bottom and holds three white hand-blown shades. The Albin suspension was designed by Franco Albini.

Albin's AS43C Suspension shade has a beautiful white glass finish which creates a downward light. Franco Albini created a whole collection which also includes a pendant, wall light, table and floor lamp.
