## PRODUCT DESCRIPTION

**Designer:** Franco Albini

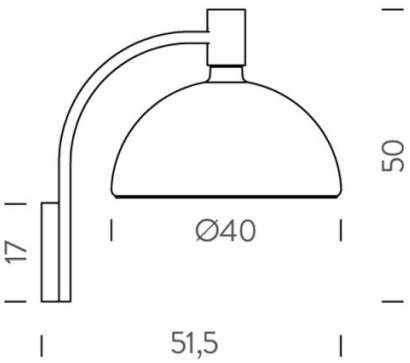

### Nemo Lighting Albini AS3C Wall Light

The Nemo Lighting Albini AS3C Wall Light combines a sweeping chrome-finished arm with a rounded, opal white glass shade, bringing sculptural definition to the wall. Part of Franco Albini's **Albini AM/AS Collection**, designed in 1969, it reflects his rationalist approach through restrained forms and carefully considered materials. The hand-blown glass contrasts with the reflective metalwork, creating an elegant balance between soft curves and strong lines that complements both contemporary and mid-century-inspired interiors.

When illuminated, the AS3C diffuses light through its generous 40cm shade to create a soft ambient glow. Position it beside a living room seating area or repeat it along a spacious hallway to introduce a distinctive lighting feature that produces an even spread of light. Pair with other pieces from the Collection for a cohesive scheme that carries the same considered design throughout the home.

## PRODUCT SPECIFICATION

| | |
|---|---|
| **Light Source:** | 1x Max 100W E27 (Excluded) |
| **IP Code:** | 20 |
| **Dimming:** | Dimmable via mains phase dimming. |
| **Dimensions:** | Shade: Ø40cm<br>Height: 50cm<br>Depth: 51.5cm |
