PRODUCT DESCRIPTION

Designer: Arihiro Miyake

Nemo Lighting Drop 5 LED Suspension

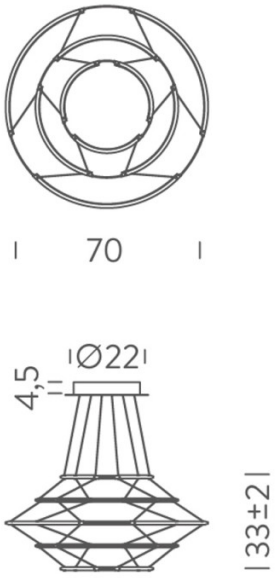

The Nemo Lighting Drop 5 Suspension, designed by Arihiro Miyake, is a contemporary take on the classic chandelier. The smallest piece in the **Drop Collection**, the Drop 5 is characterised by its clear lines and strong geometric profile. Its ultra-slim aluminium frame is available in Black, Stain Silver, and Satin Gold. These luxurious finishes complement the suspension's sleek lines and bold aesthetic, suiting minimalistic interiors.

The Drop 5 is suspended from fine wires that, paired with its lightweight appearance, create the impression that the light is floating in midair. The 250cm drop makes it suitable for rooms with high ceilings. When switched on, the linear LED light sources throughout the frame cast an even spread of light. This functional lighting makes it a suitable lighting solution above a dining room table, sitting area, or office desk.

The Drop 5 is also available with TRIAC, 1-10, or Casambi dimming. Please contact us for more information and pricing.
