PRODUCT DESCRIPTION

Designer: Bernhard Osann

Nemo Lighting Untitled LED Mini Table Lamp

Nemo Lighting Untitled LED Mini Table Lamp is designed by Bernhard Osann. The designer graduated from the University of Fine Arts in Hamburg. Osann designs with physical laws and geometrical shapes in mind to find new unconventional ways to simplify objects.

The table lamp was designed to be sleek and contemporary with its minimal aluminium structure. The Untitled mini is a smaller version of the **Untitled**. The miniaturised joints allow for drastic movement and flexibility. The Untitled LED Mini Table Lamp is available in two different heads: a linear and a spotlight. Both heads are ideal for reading or task lighting. The Untitled Mini is also available in a mini-wall light version.
