PRODUCT DESCRIPTION

Designer: Needs Studio

Lodes Tidal LED Ceiling Light

The Lodes Tidal LED Ceiling Light is a circular lighting solution named after the ocean's tide. With one side wider than the other, the Tidal's frame resembles a wave in motion, giving the fixture an organic, fluid aesthetic. The die-cast aluminium shade discreetly hides the technical elements within, while projecting light outward and downward in a soft, glare-free glow.

The Lodes Tidal Ceiling Light is available in four subtle matte finishes: white, champagne, terra, or black. While white and black suits minimalist interiors, the terra and champagne tones offer a warmer and more decorative touch to your environment. The Lodes Ceiling Light is also available in three sizes, Ø45, Ø65, and Ø75, allowing you to choose the size to suit your space. Create a dynamic display by installing the ceiling lights in multiples, in varying sizes and finishes.

PRODUCT SPECIFICATION

Light Source: **45:** 27W, 3000K, 5292 Lumens
60: 37W, 3000K, 7320 Lumens
