PRODUCT DESCRIPTION

Designer: Jehs + Laub

Nemo Lighting Crown Wall Light

Designed by Jehs + Laub, the Nemo Lighting Crown Wall Light draws inspiration from the geometric form of a snowflake. Its striking silhouette echoes the appearance of a chandelier, putting a contemporary spin on a classic design. Available with two or four arms, the Crown Wall Light offers versatility in size, suiting both smaller and larger interiors.

With a strong visual identity, the Crown Wall Light adds a decorative touch to residential or commercial interiors, even when not in use. When illuminated, the sandblasted glass diffusers produce a gentle glow, filling the surrounding room with an inviting ambience. Frame a doorway or bedside, or line a hallway for an even spread of light. Display with other pieces from the **Crown Collection** for a cohesive lighting scheme throughout the home.

The Crown Wall Light is also available in gold-painted, polished aluminium, gold-plated, and black-plated finishes. Please contact us for more information and pricing.

PRODUCT SPECIFICATION
