Pholc One Meter Floor Lamp

Pholc One Meter Floor Lamp was created by Danish design duo, Maria Bruun and Anne Dorthe Vester. The Meter Floor Lamp is welcoming and soft but with a strong presence. The contrast between the smooth cocoon fabric and the raw aluminium structure creates a distinct tension. The Meter floor lamp is a design that enhances everyday scenography.

The One Meter Floor Lamp has a column-shaped base which is constructed from unpainted aluminium, whilst the lampshade covers the wire structure in cocoon material. The process of layering the cocoon material over the wire structure is accomplished by hand. The light source is levelled with the base, creating a soft and warm light effect. The Meter Floor Lamp is available as a table lamp: **Half Meter**.
