PRODUCT DESCRIPTION

Designer: Bent Karlby

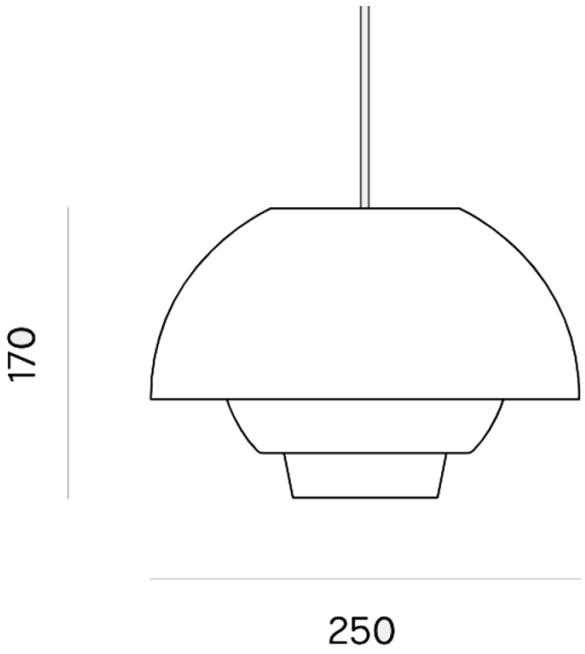

LYFA Ergo Pendant

LYFA Ergo Pendant was designed by Bent Karlby in 1971. The Ergo Pendant is a charming shade which brings soft ambient light to its surroundings while emitting subtle, pleasant downlight. When lit, the core glows softly white, while the exterior glass shade adopts a pleasant warm hue. Ergo pendant looks stunning above a kitchen table or in a cluster above an island. The effect of the shade becomes more magical, the darker the room.

The original plastic shade of the Ergo has now been replaced with premium 3-layered opal glass in two different colours: grey and sand. **The Ergo collection** also includes a table lamp in the same grey and sand colours.

PRODUCT SPECIFICATION

Light Source:	1x Max 40W, E27 (Excluded)
IP Code:	20
Dimming:	Dimmable via mains phase dimming
Dimensions:	Height: 17cm Diameter: Ø 25cm Cable Length: 300cm
