LYFA Divan 2 Pendant

LYFA Divan 2 Pendant was originally designed by Simon P. Henningsen in 1962 for Tivoli's famous restaurant in Copenhagen. Henningsen collaborated on this shade with his famous father, Poul Henningsen. The downward-facing pendants are a masterpiece of colourful designs and a sculptural piece of art even when switched off.

The Original Divan 2 Pendant possesses shards with kaleidoscopic colours which include red, blue, purple, beige, and teal with a mirrored exterior. Each shard on the shade is polished by hand. The **Divan 2 collection** includes five different-sized pendants and a table lamp. Size 245 is also available in a brass colourway.

Please **contact us** for information on sizes 400, 550 and 700.
