PRODUCT DESCRIPTION

Designer: Morten & Jonas

Northern Kin LED Table Lamp

Northern Kin LED Table Lamp was designed by Morten & Jonas in 2023. The Kin is an innovative yet classic style of Norwegian lighting which has been in the making for almost a decade. The modern and balanced table lamp confidently combines contrasting materials such as a delicate opal white glass shade and a strong dark emperador marble stone base.

The Kin Table Lamp's structure takes inspiration from the shape of a collectable bobblehead figurine with its oversized mouth-blown glass shade which sits neatly on top of a smaller body base. Morten & Jonas have designed this lamp in two sizes: small and large. Both sizes are fitted with an in-line dimmer which is incorporated into the 200cm silk black cable. The glass shade diffuses light from within, creating a warm and harmonious glow that will add an inviting ambience to any room in your home.

PRODUCT SPECIFICATION

Light Source: 8W, 2700K, 800 Lumens

IP Code: 20
