PRODUCT DESCRIPTION

Designer: Ernesto Gismondi

Artemide Ilio 10 Special Edition LED Floor Lamp

Artemide Ilio 10 Special Edition LED Lamp was designed to celebrate the 10th anniversary of Ilio with an engraved autographed Floor Lamp from the designer himself, Ernesto Gismondi. Ilio is a vital and timeless piece, so it was crucial that the 10 Special Edition praises the past while looking forward to the future. The floor lamp is an efficient, high-performing lamp which is also a unique piece of art. Each piece of the structure is engraved with both Ernesto Gismondi's signature and serial number.

Artemide Ilio 10 Special Edition Floor Lamp is available in a silver-to-gold gradient to reflect cold to warm surroundings. The unique finish is obtained with the Physical Vapour Deposition method, which is another demonstration of Artemide's perspective towards a sustainable design and production. Dynamic light management with the Artemide App allows each author to be aware of their own light.

This special edition has 2000 limited floor lamps available with Ernesto Gismondi's signature engraved.
