PRODUCT DESCRIPTION

Designer: Ronan Bouroullec

Flos Ceramique Table Lamp

The Flos Ceramique Table Lamp was designed by Ronan Bouroullec, and each body is handmade by the experts at Flos. The structure of the Ceramique Table Lamp is formed from a lead-free lacquered crystalline finish to complete the handcrafted surface. Each lamp has a white diffuser made of polycarbonate, which ensures a soft, glare-free illumination that is projected either up, down or sideways, depending on your chosen silhouette.

The Flos Ceramique Lamp is the undiluted expression of a union between creator and material, which creates visual poetry. Céramique blends craftsmanship and elegance with adaptable lighting; with a stable design and attention to detail, this collection enriches the beauty of ceramics and promotes energy efficiency. This lighting solution is available with three different head angles and three colours: Moss Green, Navy Blue and Rust Red. These charismatic lamps work great in offices, hallways, living areas and bedrooms.

Please Note: the lamp head of the Flos Ceramique is not adjustable.

PRODUCT SPECIFICATION

Light Source: 1 x Max 8W E27 LED (Excluded)

IP Code: 20

Dimming: In-line dimmer switch on cable.

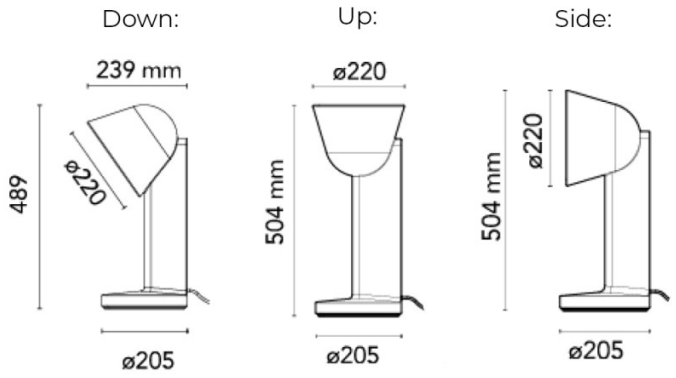

Dimensions:

Up:
Ø22cm
