PRODUCT DESCRIPTION

Designer: Pablo Pardo

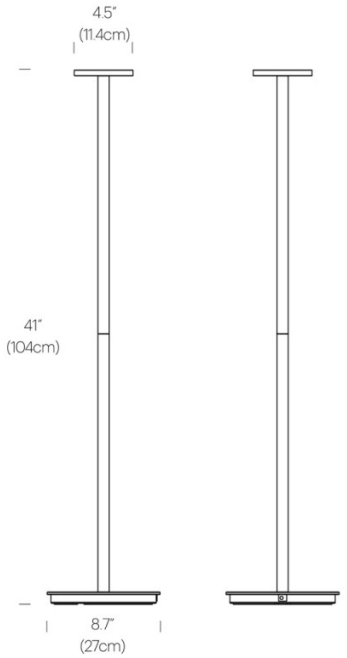

Pablo Designs Luci LED Portable Floor Lamp

The Pablo Luci LED Floor Lamp is a portable and rechargeable lighting solution that can be used in both indoor and outdoor settings. Thanks to the lack of wires, Luci boasts a sleek and elegant silhouette which is perfect for modern and minimalistic homes. Utilising the future of illumination, the Luci Floor Lamp features state-of-the-art Dim to Warm technology, providing you with three light levels (100%, 40% or 10%) and the ability to customise not only the lighting output but also the colour temperature.

Designed by Pablo Pardo, the Luci LED Portable Floor Lamp is a unique lamp that produces an intimate and glare-free down light, casting the surrounding space in a warm glow. Luci is available in four finishes - three anodized finishes in Silver, Brass, and Black or as a more simple Matte White. This floor lamp is perfect for living rooms, hallways, dining rooms and bedrooms. Luci is also a beautiful addition to restaurants, bars and hotel lobbies.
