PRODUCT DESCRIPTION

Designer: Nahtrang Studio

Axolight Paralela LED Table Lamp

Axolight Paralela LED Table Lamp has been designed by the Spanish Nahtrang Studio. Their inspiration for the lamp was to shape light itself to become a tangible, decorative and luminous element which created the idea of the light-filled borosilicate glass cylinders. The cylinders are attached to a 37.4cm pole and Ø 19.8cm base making this ideal for living rooms and bedrooms.

Axolight Paralela LED Table Lamp is also available in both horizontal and vertical pendants, a floor lamp and wall lights in different sizes and five colours. For further information on the colourways of this table lamp, please [contact us](#).
