PRODUCT DESCRIPTION

Designer: Arturo Alvarez

a-emotional light Curvas Pendant

a-emotional light Curvas Pendant was created by Spanish designer, Arturo Alvarez. Alvarez is an acclaimed designer, craftsman and innovator whose designs draw inspiration from nature with nods to Art Deco and Art Nouveau. This classic and timeless design is an interpretation of the Tiffany technique and takes us back to the origin of his brand.

The Curvas Pendant is created from coloured, irregularly shaped glass which is fused with nickel-plated steel. Available in three sizes – small, medium, and large which can be installed individually or as multiples in rows or clusters. The glass shade diffuses light, creating a soft glow, while providing direct downward light. This makes the Curvas Pendant perfect above a kitchen island, or to create ambient lighting in a lounge or living room.

PRODUCT SPECIFICATION

Light Source: 1 x Max 8W E27 (Excluded)
