PRODUCT DESCRIPTION

Designer: Cenlitrosmetrocadrado

a-emotional light Parga LED Pendant

a-emotional light Parga LED Pendant was designed by Arturo Alvarez. These pendants unite stone and light, two naturally opposing elements, to create a piece that appears simultaneously strong and delicate. The neutral tones and sleek design appear both modern and reminiscent of primitive stone carvings. Their neutral tones blend in seamlessly with modern spaces, and the direct downward light is ideal above surfaces such as a kitchen island or dining room table.

Available in three sizes, the Parga LED Pendant can be hung individually or as multiples to create the desired effect for your space and décor. They are created using discarded pieces of granite from Galician quarries, making for a pendant that is not only stunning but eco-friendly as well.
