PRODUCT DESCRIPTION

Designer: Poul Henningsen

Louis Poulsen PH 5/5 Whole Numbers Pendant

Louis Poulsen PH 5/5 Whole Numbers Pendant was created by Poul Henningsen. The three-tier shade consists of white mouth-blown opaline glass and/or soft-touch painted spun aluminium. The monochrome shades have a black exterior and a white interior. The opal glass shade creates a warm glow around the pendant, and the metal shade has a direct downward light. The combined metal and opal shade provides both effects in one pendant. Both materials create a glare-free and comfortable light for both residential and commercial settings. A diffuser in frosted glass is provided, which can be inserted in the bottom of the pendant for an even softer light distribution.

Louis Poulsen PH 5/5 Whole Numbers Pendants are far rounder and compact to look at compared to the **'hybrid'** sizes and are recommended to be hung in a high-ceiling room. The pedants can be featured in a lounge or kitchen above a dining table or a cluster above an island. Louis Poulsen PH 5/5 Whole Numbers Pendant is a classical shade that is also available in a smaller size: **PH 3/3 pendant**. The PH 5/5 pendant can also be purchased in an LED version. Please **contact us** for more information.

PRODUCT SPECIFICATION

Light Source:	1 x Max 12W E27 LED (Excluded)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	Shade: Ø50cm Height: 43cm Cable length: 400cm
