Nuura Liila Muuse Wall / Ceiling Light

Nuura Liila Muuse Wall/Ceiling Light was designed by Sofie Refer as an extension of the Liila collection. Liila Muuse is a semi-flush-mounted wall light which references Tivoli, an old amusement park in Copenhagen. A crimped round-edged disc, on which an opal glass shade sits, has been designed so that the centred light source reflects outwards. The wavey edges of the discrete association with classical ceiling medallions in older buildings.

Liila Muuse Wall/Ceiling Light is available in small or medium size and two colour ways: white and brass. These classical wall/ceiling lights can be featured in both commercial and residential settings. In a pair, they could be used as elegant bedside lamps which makes this wall lamp both practical as well as decorative or embellish hallways with Liila Muuse and allow the opal white glass sphere to gently diffuse the light across the wall.
