Artemide Tolomeo Micro Special Edition Table Lamp

The Artemide Tolomeo Micro Special Edition Table Lamp was created by Italian designers Michele De Lucchi and Giancarlo Fassina. The design is based on the original Tolomeo Table Lamp, first launched in 1987. This special edition maintains the original's fully adjustable articulated arm structure and rotatable diffuser. The base is crafted from weighted steel with a stamped aluminium cover, ensuring durability and sturdiness.

The Tolomeo Micro Special Edition Table Lamp is available in a brushed copper finish, which adds a sense of luxury to any interior. The directional lighting is perfectly suited for task lighting on a desk, bedside, or beside a sofa. Thoughtfully designed to create an even dispersion of light, the Tolomeo Micro Table Lamp expertly blends functionality and aesthetics for timeless elegance with distinctive sophistication.
