Nuura Miira 3 Suspension

Nuura Miira 3 Pendant was designed by Sofie Refer in 2020. With three pendants that drop from a height of either 35.8cm or 34.5cm, these pendants create a sophisticated centrepiece above an island or dining table. Each pendant is made from a mouth-blown shade and is attached to a metal cylinder. The shade is available in two different types of glass, smooth opaline glass for a soft, glare-free, modern effect or optic clear embossed glass which creates a beautiful display of patterns in the surrounding areas. The ridged glass of the optic clear glass also provides a more classical aesthetic.

Miira 3 Pendant has eight different variations in total due to the two different coloured glasses, two different coloured metals and the two sizes. The metal cylinder attachment is available in an elegant brass or a matte black finish.

This pendant is also available as a **Nuura Miira 1 Pendant**.
